This edition is packed full with new listings, specials and rare offerings. Gold and Silver remain stagnant as Greek deal provided no real direction. Our advice—this is a great time to sock away some gold or silver while prices remain low!

CENTRAL NATIONAL BANK OF SPARTANBURG, S.C. NATIONAL CURRENCY

During the Depression solvent banks were allowed to issue their own currency by putting up collateral with the Fed. The notes were printed by the Bureau of Engraving and look similar to regular issue currency. South Carolina notes are actually a wee bit scarce. We offer notes printed for two different Spartanburg banks. All are small size notes series 1929.

COPPER BAGS LINCOLN CENTS
Very Good to BU

These bags of 5,000 Lincoln cents contain dates before 1982—when cents were made of 95% copper as opposed to the copper coated zinc we have today. With copper trading near it's all-time high, these bags containing over \$100 in copper provide an interesting speculation. If you are a bit of a gambler you might consider putting a few of these bags away for a later date.
